

iRippit™ - Total Solution for Duplicating 1-50 CD/DVD's

Does your office put marketing material on CD or DVD media to send to clients? Maybe your office records seminars for training purposes? How about special events, technical information, trade show handouts or new product/service information? All without the budget for the larger robotic duplicators? The iRippit™ is the perfect solution. With a desktop footprint not much larger than a standard printer, the iRippit™ fits in any office or cubicle and works unattended to make up to 50 copies per run. Plus at an incredibly low price point, the iRippit™ fits nearly any budget. With a 50 disc capacity and unattended runs, the iRippit™ gives you the ability to work on other tasks, with the confidence that your project will be duplicated quickly and reliably without breaking the bank. The iRippit™ is, by far, the world's most cost effective solution in its class.
